Pensions and Retiree Healthcare

**Pensions** - Net pension liabilities of the primary government totaled $3.6 billion. This amount is the combined liability for six defined benefit plans covering State employees and the State’s proportionate share of the net pension liability for teachers - $1.4 billion.

The net pension liability is the **accounting** measure of pension liabilities which differs from measurements used to determine the actuarially determined annual contributions to each plan. The pension liability is net of amounts accumulated for future benefits at the measurement date. Plan net position as a percentage of total pension liability for the plans at the June 30, 2017 measurement date is shown in the table.

The State contributed $282.7 million in fiscal 2018 as employer contributions to the defined benefit pension plans which included $98.1 million as the State’s share for teachers. The net investment return on assets within the defined benefit plans was approximately 8% for fiscal 2018.

Assets of the defined contribution plan, part of the hybrid pension benefit structure, totaled $856 million at June 30, 2018.

**OPEB** - Six defined benefit OPEB plans provide retiree healthcare benefits for State employees including certain electing teachers and Board of Education employees.

The net OPEB liability (asset) is the **accounting** measure of OPEB liabilities and assets which differs from measurements used to determine the actuarially determined annual contributions to each plan. The OPEB liability or asset is net of amounts accumulated for future benefits at the measurement date. Plan net position as a percentage of total OPEB liability for the plans at the June 30, 2017 measurement date is shown in the table.

The full CAFR is available on the Office of Accounts and Control and Auditor General websites:

The Auditor General issued an unmodified opinion on the State’s fiscal 2018 financial statements concluding that the financial statements are fairly presented in accordance with U.S. generally accepted accounting principles.

The Independent Auditor’s Report emphasized the re-statement of beginning government-wide net position due to the State’s required implementation of GASB Statement No. 75. OPEB (retiree healthcare) costs and related assets and liabilities are now measured and reported in the same manner as pension costs and related liabilities.

Fund balance of the General Fund totaled $359 million at June 30, 2018 of which $31.3 million has been appropriated in support of the 2019 budget, and $21.3 million is available for future appropriation.

The budget reserve or “rainy day” fund is fully funded at $198.5 million as required by Constitution and statute.

$131 million is available in the RI Capital Plan Fund (RICAP) for future capital projects.

Government-wide net position (deficit) of the primary government increased by $221.2 million reducing the net deficit to ($374.2) million at June 30, 2018. $3.3 billion represents the State’s net investment in capital assets (net of related debt). $1.0 billion is restricted for specific purposes leaving an unrestricted net deficit of ($4.7) billion.

Net OPEB liabilities totaled $515.5 million and Net OPEB assets totaled $3.7 million. A net OPEB asset results from plan assets exceeding the total OPEB plan liability.

Net pension liabilities totaled $3.6 billion for State employees and the State’s proportionate share of the net pension liability for teachers.

Capital assets of the primary government net of accumulated depreciation totaled $4.4 billion at June 30, 2018, of which $2.3 billion were infrastructure assets.
